

## Week 6

## 1 Let's go for a ride on a train!

You can use 2 pencils or sticks to join in with this song. Maybe you can make up your own actions to the song too? -

Clickety Clack

By Aimee Toshney at NYCOS

## 2 Play along and move to...

This music starts slow and gets faster, can you find a scarf or something to wave at the beginning, then use your sticks when it gets faster!

'Copenhagen Steam Railway Galop'

By Hans Christian Lumbye, played by Vienna Philharmonic Orchestra

## 3 Create your own 'Train soundscape'!

Use your hands to make a 'shh shh shh' sound by rubbing them together.  
Use your voice to make a high "hooo wooo!" sound.  
Stamp your feet and say "clickety clack".

		
"Shh shh shh ..."	"Hooo woo!"	"Clickety clack"

Don't forget to ask a grownup to point to the pictures as you do the actions!

- Can you think of any other train sounds you can make? e.g. "chugga chugga"?
- Try performing your sounds with the music too.
- Ask a grownup to record your 'Train soundscape' with a mobile phone or tablet.
