Welcome to Culture Connects – an overview of what’s happening in creative and performing arts in schools and communities. Discover opportunities to inspire young people to explore the world around them.

GET INVOLVED IN THE QUEEN'S PLATINUM JUBILEE

Celebrate Her Majesty, Queen Elizabeth II’s historic reign in the run up to the Platinum Jubilee Central Weekend through Edsential's creative and performing arts projects.

There are many ways your school can get involved from creating outdoor green spaces to street parties or crown making. Our creative practitioners are here to help support your pupils' cultural understanding of this momentous event.

THE QUEEN'S GREEN CANOPY:

If you decide to plant a tree in commemoration of the Jubilee, why not review 'lost' spaces, neglected and unloved corners of your school grounds to create a new inspiring space for learning, reflection and play. Working with Edsential practitioners, your school can develop a fully risk-assessed, costed action plan before creating a piece of outdoor art which commemorates the Platinum Jubilee, celebrates your school's values and vision or simply creates a safe and inspiring space for your pupils and community.

WHAT OUR CREATIVE PRACTITIONERS CAN OFFER YOUR SCHOOL...

- Celebratory Street Parties with dance and drama activities.
- Workshops to create commemorative art displays for your school.
- Arts and Crafts Competitions to celebrate the Jubilee weekend.
- Conducted plans for the 'National Platinum Jubilee Creative Challenge' presented by Angellica Bell.
